PROFESSIONAL SUMMARY

Global Payroll Specialist with 4+ years of experience supporting **end-to-end multi-country payroll operations** across the USA, Canada, UK, Australia, India, Germany, France, and Italy. Experienced in **high-volume global payroll operations** across multiple pay frequencies, entities, and currencies.

Strong expertise in **gross-to-net processing, payroll calculations, statutory compliance, payroll input validation, payroll balancing, reconciliation, payroll costing, funding, year-end processing, off-cycle payroll, payroll controls, and issue resolution**. Experienced in **Oracle HCM Cloud and Workday** payroll/HRIS environments, including payroll data validation, integrations, UAT, and system testing. Strong collaboration experience with **HR, Finance, Treasury, Tax, IT, HRIS teams, in-country payroll providers, and external vendors**, with additional expertise in **Power BI, SQL, Excel, reporting, and process automation**.

PROFESSIONAL EXPERIENCE

GLOBAL PAYROLL SPECIALIST, Tata Consultancy Services (TCS), Chennai

December 2021 – Present

- Support **end-to-end global payroll operations** across the USA, Canada, UK, Australia, India, Germany, France, and Italy, ensuring timely and accurate payroll delivery across multiple entities, currencies, and pay frequencies.
- Manage the complete payroll lifecycle, including **payroll calendar and cut-off management, input validation, gross-to-net processing, payroll balancing, reconciliation, funding, payment validation, payroll close, and post-payroll reporting**.
- Validate **HR, Compensation, Benefits, Time & Attendance, Leave, and employee lifecycle inputs**, including new hires, terminations, promotions, transfers, salary changes, overtime, bonuses, and retroactive adjustments.
- Process and validate **regular earnings, overtime, shift differentials, bonuses, commissions, supplemental earnings, statutory deductions, garnishments, employer contributions, and off-cycle payments**.

- Review **country-specific payroll taxes, statutory deductions, payroll registers, gross-to-net results, payroll variances, multi-currency transactions, payroll costing, and payroll-to-GL reconciliations**.
- Investigate **payroll discrepancies, calculation variances, system exceptions, and interface errors** using root cause analysis (RCA), coordinating corrective actions with relevant teams.
- Coordinate **payroll funding, cash validation, payment verification, statutory reporting, and year-end activities**, including W-2, P60/P11D, T4/T4A, STP Phase 2, Form 16, Lohnsteuerbescheinigung, DSN, and CU.
- Support **Oracle HCM Cloud and Workday** payroll/HR environments, including master data validation, payroll inputs, HRIS integrations, UAT, regression testing, defect validation, and system enhancements.
- Coordinate with **HR, Finance, Treasury, Tax, IT, in-country payroll providers, and external vendors** to resolve payroll issues, manage escalations, support employee queries, and meet payroll SLAs.
- Maintain **payroll controls, audit documentation, SOX evidence, reconciliations, and compliance records**, while contributing to **Power BI reporting, SQL/Excel analysis, process improvement, and automation**.
